

American Physical Society

Racah Institute of Physics

Workshop

Friction in physics and society.

December 12, Danciger B building, seminar room, Noon

(12.12.12 at 12.12)

1. 12.12 -12.24 Prof. M. Ya. Amusia, Introductory remarks,
2. 12.24 – 13.12 Prof. J. Fineberg, “How things slide: Rapid Dynamics at the onset of friction”,
3. 13.12 – 14.00 Prof. S. Solomon, “A Physicist View at Economic and Social Crisis Dynamics: Negative Friction Amplifies Local Random Events to Systemic Complex Changes”,

4. 14.00 -14.30 - General discussion

All interested, including students, are welcomed.

Refreshments will be served in the lobby of Danciger building, from noon till 12.12

M. Ya. Amusia and R. Herber, APS Fellows
